Legal Department

# Marketing Department

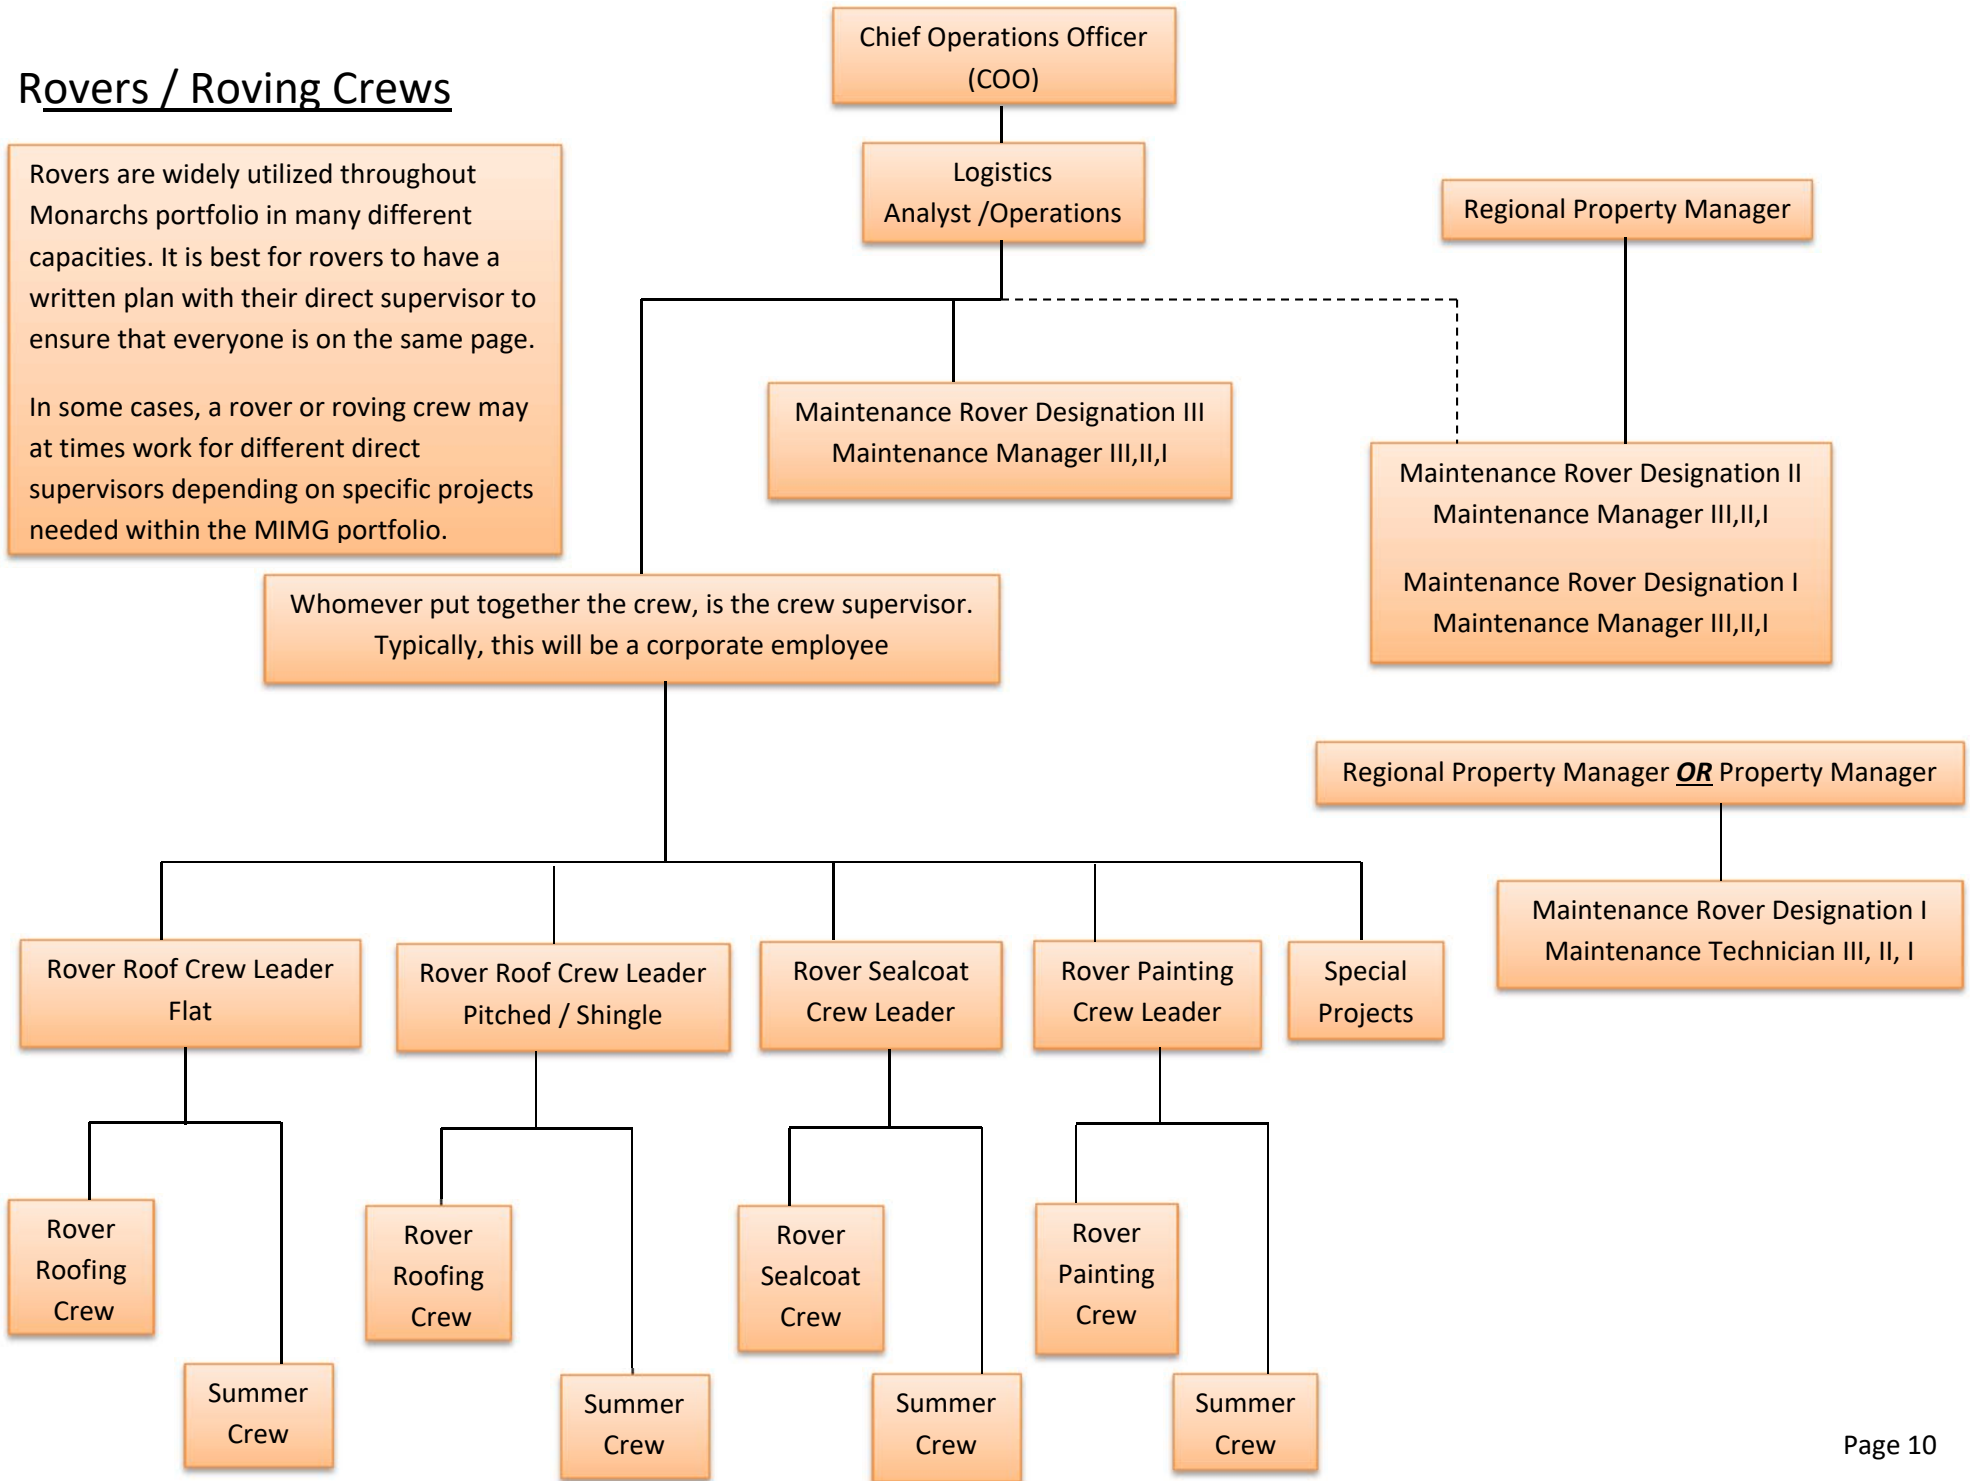

# Rovers / Roving Crews

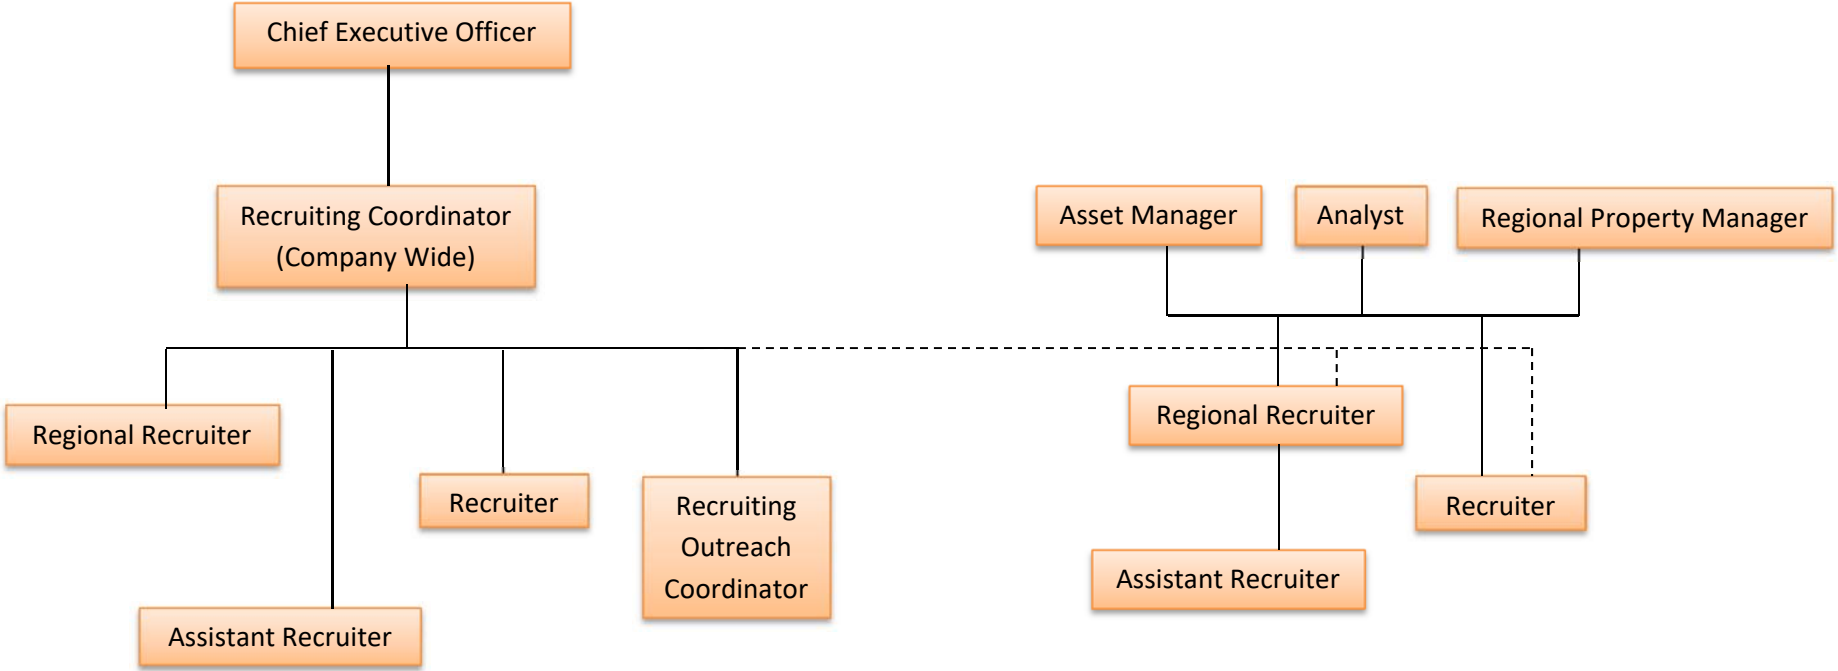

Rovers are widely utilized throughout Monarchs portfolio in many different capacities. It is best for rovers to have a written plan with their direct supervisor to ensure that everyone is on the same page.

In some cases, a rover or roving crew may at times work for different direct supervisors depending on specific projects needed within the MIMG portfolio.

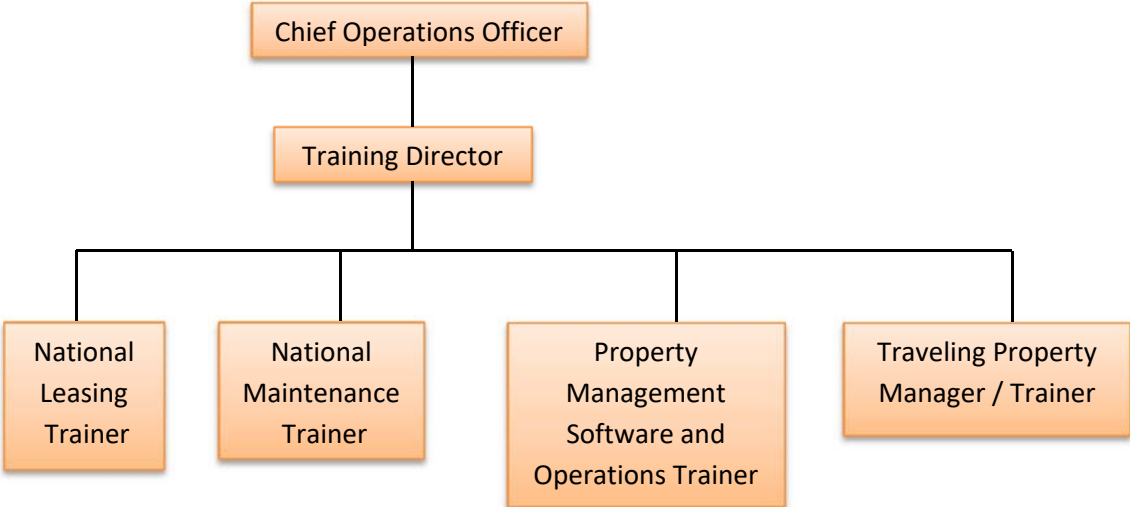

Whoever put together the crew, is the crew supervisor. Typically, this will be a corporate employee
